

## ACTION AGENDA

The prosperity of the State of Kansas is absolutely dependent upon the prosperity of our cities. Over 82% of Kansans live in an incorporated city. In an effort to promote healthy and sustainable communities, the elected and appointed city officials of Kansas hereby establish the following as our action agenda for 2012:

- Local tax and revenue decisions are a foundation of local democracy. Consistent with Home Rule principles, we oppose any limitation on the ability of locally elected officials to make those decisions.
- We oppose any federal or state mandate which would require collective bargaining at the local level.
- We support the statutory requirement that a portion of the monies received from state-sponsored gaming in Kansas be used for property tax reduction.
- Because cities play a crucial role in effective emergency management, we request that the Adjutant General and the State of Kansas review the role of cities in the state emergency management plan.
